

Forklift truc On-board weighing system LTP

Specification	
Operating temp	-10~50 °C ambient.Humidity<90% non-condensing.
Storage temp	20~50C ambient.
IP rating Indicator	IP65; Pressure transducer:IP67.
External materials	ABS,silicon,nylon,acrylic(halogen free), SS304, 17-4PH SS.
Power supply	7 to 24VDC 0.5A max without printer.12VDC only with printer.
Power fuse	1A slow blow, 20x5mm(located behind rear cover of indicator)
Hydraulic con	JIC/UNF9/16-18.
Rated pressure	5000psi.
Outputs	RS-232 printer output. 2 isolated transistor drive outputs(300mA total at 12VDC)
Weight Measured	50 kg to 8000kg / 8001 to 20000kg / 20001 to 35000kg
(One set include 1pc pressure load cell, 1pc pressure indicator and 1pc 6m cable)	

On-site use
